ELECTRONIC LOCK

THE NEW MODERN LIFESTYLE

We have entered the digital era as a part of modern life. The use of IoT (Internet of Things) and AI (Artificial Intelligence) technologies applied to smart locks makes more safer, more controlled, and comfortable. Dekkson, as one of the leading architectural hardware brands in Indonesia, offers electronic locks with smart technology, modern design, and the best quality. There are two types of smart locks from Dekkson, electronic locks and hotel card locks.

The card lock is integrated with the hospitality system. Electronic locks can be easily installed and are suitable for homes and apartments. So, don't make the wrong choice; electronic locks from Dekkson are the best solution! Welcome to the future!
